

Workshop Presentations 8th oct 2026

Cath lab workshop

Abstract No	Name	Mobile no	Title
ABS297	Aneesh Kulkarni	9130925646	An Upturned Left Atrial Disc During Transcatheter ASD Closure : A Cath Lab Nightmare
ABS224	Jayita Nandy Das	9433631222	Transcatheter Fontan Completion: Procedural Strategies, Early Outcomes, and Lessons from 15 Consecutive Patients
ABS214	Ananya Shetty	9008052975	Transcatheter Rescue of an Unanticipated Left Atrium–Azygous Vein Communication and Superior Vena Cava Obstruction Following Warden Procedure for Supracardiac Total Anomalous Pulmonary Venous Connection
ABS192	Farheen Qureshi	9967556012	Transcatheter Closure of Indirect Gerbode Defects With the Konar-MFO Device: Procedural Technique and Early Outcomes
ABS190	Swati Dash	8618238915	Double Trouble, Dual Solution
ABS113	Amitabha Chattopadhyay	9831008680	Beyond the landing zone:Transcatheter pulmonary valve embolization in a large postoperative RVOT and immediate surgical salvage.
ABS094	Shantanu Jain	8238228448	Feasibility, Outcomes and Follow-up Analysis of Transcatheter Closure of Outlet Ventricular Septal Defect with Various Devices from North-Eastern India
ABS050	Jayita Nandy Das	9433631222	Navigating through the struts: simultaneous redo coarctation stenting and PDA device closure after stent fracture-A complex endovascular bailout.

Surgical workshop

Abstract No	Name	Mobile no	Title
ABS321	G Deepak	9037674692	A Physiological Detour: Thoracic Duct To Atrium Bypass In Refractory Post-Fontan Chylothorax
ABS302	Abhishek Kumar Mandal	9344332810	Paediatric Cabg For Late Left Main Coronary Stenosis Presenting With Lv Dysfunction After Arterial Switch For D-Tga
ABS278	Balaji Srimurugan	9961765069	Interim Major Aortopulmonary Collateral Banding As A Bridge To Unifocalization Repair In Pulmonary Atresia With Ventricular Septal Defect
ABS263	Davina Monis	9967142409	Dual Arterial Cannulation For Simultaneous Cerebral And Lower-Body Perfusion During Aortic Arch Reconstruction In Shone's Complex
ABS211	Zineb El Hasnaoui	7416656540	Ross Procedure For Infective Endocarditis With Extensive Root Destruction In A Child With Bicuspid Aortic Valve
ABS181	Naveen Srinivasan	9944980898	Successful Management Of A Rare Vascular Ring: Double Aortic Arch With Bilateral Coarctation In A Month Old Child
ABS154	Hari Haran K	7373428376	Reverse Potts Shunt With An Ozaki Valved Conduit In A 17-Year-Old Patient With Severe Pulmonary Artery Hypertension
ABS084	Swaminathan Vaidyanathan	9787127735	Left Aberrant Subclavian Artery Repair, Left Blalock-Taussing (Bt) Shunt, Unifocalization For Tetralogy Of Fallot With Pulmonary Atresia Via Left Thoracotomy - A Case Report
ABS066	Sabyasachi Pandey	9163841964	Staged Biventricular Repair Of Truncus Arteriosus With A Remote Ventricular Septal Defect (Vsd) – Guided By Virtual Volume Rendered Three-Dimensional Reconstruction Of Heart From Ct Images.
ABS010	Vaibhavi pandya	8347096995	Postoperative Management Of A Neonate With Obstructed Infracardiac Tapvc And Bronchopleural Fistula: A Rare Critical Care Challenge

Free Papers 9th oct 2026

Free paper - Cath Lab café 1

Abstract No	Name	Mobile no	Title
ABS386	Sudeep Varma	9652076875	Trans-Catheter Management Of Congenital Porto Systemic Shunt With Myriad Presentation
ABS376	Shweta Bakhru	8008915442	Controlled Trans-catheter Exclusion of large Abernethy malformation: Fenestrated covered stent Implantation to preserve Portal Flow.
ABS319	Shatanik Sarkar	7980919177	Transcatheter closure of an unusual left to left shunt
ABS267	Sonia Karapurkar	9820309523	Strategies for device closure in patients with multiple atrial septal defects
ABS197	Rohan Acharya	9439888488	Mid-Term Follow-Up Data of Transcatheter Closure of Sinus Venosus Defect Using a Self-Expanding Stent System
ABS147	Swati Dash	8618238915	Navigating the Fifth arch: Kissing Balloon technique in a complex aortic anomaly
ABS070	Ramkishore Sankarakuttalam	8105977395	Balloon-Expandable Transcatheter Pulmonary Valve Implantation for Pyramidal RVOT: Landing-Zone Planning and Clinical Outcomes
ABS005	Rajaguru Ganesan	9790075134	Transcatheter Fontan Completion in Patients without Surgical reparation- Outcomes from the World's Largest reported cohorts

Free paper - Imaging Lounge

Abstract No	Name	Mobile no	Title
ABS273	Chandni Slathia	9796440840	Utility Of Right Atrial Strain As A Marker Of Right Ventricular Function: A Prospective Observational Study

ABS251	Ramya G S	9448995686	Baseline Cardiothoracic Ratio Predicts Persistent Biatrial Functional Remodeling Following Transcatheter Secundum Atrial Septal Defect Closure
ABS218	Taniya Rachel Isaacs	9646500128	Beyond Rings And Slings: 3d Reconstruction/Vr Characterise And Guide Management Of A Spectrum Of Airway Compromise In Paediatric Cardiac Surgery
ABS162	Haritha Mirabana	9160710750	Assessment Of Left Atrial Deformation In Patients With Total Anomalous Pulmonary Venous Connection By Two Dimensional Speckle Tracking
ABS123	Prashant Dwivedi	8800256812	Assessment Of Left Atrial Deformation In Patients With Total Anomalous Pulmonary Venous Connection By Two Dimensional Sp
ABS115	Abhishek Roy	8420282197	Assessment Of Right Heart Mechanics By Right Atrial And Ventricular Strain In Patients After Tetralogy Of Fallot Repair
ABS045	Athira M	9778566969	A Cross Sectional Study On Estimating The Role Of Deformation Imaging Compared With The Conventional Methods To Detect Cardiac Dysfunction In Post Operative Fontan Patients
ABS035	Rajkumar Kundavaram	8968323708	Computed Tomography Analysis Of Anatomical Variations In Sinus Venosus Defects With Relevance To Transcatheter Closure
Beyond Preserved Systolic Function: Subclinical Myocardial Dysfunction And Vascular Remodeling Across Clinical Phenotypes Of Childhood Nephrotic Syndrome			
Free paper - General cafe			
Abstract No	Name	Mobile no	Title
ABS304	Anjali Rachel Varghese	9497176985	Contemporary outcomes of Congenital Heart Surgery in Children with Down syndrome and comparison with matched Non-Syndromic Children
ABS300	Sonia Karapurkar	9820309523	Correlation between echocardiography and MRI parameters for iron overload in children with thalassemia
ABS239	Sowmya Kasturi	6366637770	Patterns, Timing and Recurrence of Care Interruption in Children With Rheumatic Heart Disease: Insights From the HEART-RHD Registry
ABS237	Sowmya kasturi	6366637770	Frailty in Children With Rheumatic Heart Disease: A Multidimensional Marker of Cumulative Disease Burden
ABS156	Swetha Karun Thappa	9400565503	Assessment of Factors Affecting Exercise Performance in Patients with Fontan Circulation
ABS142	amit kumar pandey	8879269896	Development and Internal Validation of a Multimodal Machine-Learning-Based ECG Screening Tool for Detection of Neonatal Critical Congenital Heart Disease
ABS140	amit kumar pandey	8879269896	Implementation Challenges of Home-Based Cardiac Rehabilitation in Adults With Congenital Heart Disease: A Pilot Study From a South Asian Low-Resource Setting.
Free paper - Rhythm Cafe			
Abstract No	Name	Mobile no	Title
ABS372	Ravindra Shamrao Pawar	9545507284	Belhassen's Tachycardia In Neonates: Diagnostic Pitfalls And Variable Therapeutic Response — A Case Series
ABS352	Neeraj Awasthy	9811962775	Arrhythmias In A Postoperative Unit : An Analysis
ABS338	Iyer Jahnvi Natarajan	9429003723	Congenital Long Qt Syndrome Associated With Maternal Autoimmune Disease And Congenital Hypothyroidism Presenting As Neonatal Ventricular Tachycardia: A Diagnostic Challenge
ABS327	Jonaki Pal	8017750670	Prenatal Diagnosis And Perinatal Management Of Congenital Long Qt Syndrome
ABS301	Veena Bharathi Kota	8602624825	Ablation-Refractory Focal Non-Reentrant Purkinje Ventricular Tachycardia Responding To Mexiletine In A Child
ABS298	Veena Bharathi Kota	8602624825	Iatrogenic Peritoneo-Pericardial Hernia Post Epicardial Permanent Pacemaker Insertion Through Sub-Xiphoid Approach In A Neonate
ABS166	Swetha Karun Thappa	9400565503	Not Just Sinus Tachycardia- Unmasking Congenital Junctional Ectopic Tachycardia In Neonates
ABS116	Vasudev.V	9567615479	"The Unexpected Turn: A Twist In The Tale Of Fetal Arrhythmia"
Free paper - Surgical Bay			
Abstract No	Name	Mobile no	Title
ABS286	Mimoza Maldi	9987318263	The conduit Z score paradox: are smaller conduits really better?
ABS243	Tanulina Sarkar	9875483646	Quality and Safety Initiatives in a Pediatric and Congenital Heart Surgery Program: The Impact of an International Collaboration
ABS189	S.NAVEEN	9944980898	Posterior Descending Aortic Translocation for Aerodigestive Compression: Early Experience
ABS122	D Lasya Reddy	9160022933	Primary Fontan operation in adults: Challenges and early outcomes in adults at a tertiary cardiac centre in India
ABS096	Saurabhi Das	9163095363	Does High Altitude Preserve Operability? Surgical Outcomes and Follow-up of Large Ventricular Septal Defects with Severe Pulmonary Arterial Hypertension in older children and adults from North-Eastern States of India
ABS072	Palaniraj Suresh	9655545970	Surgical Outcomes of the Warden Procedure for Superior Sinus Venosus Atrial Septal Defect: A Large Single-Center Experience with Early and Long-Term outcomes
ABS283	JANAKIRAM AKS	8973350143	application of head-up-tilt test to diagnose neurocardiogenic syncope in children and adolescents: a prospective observational study

ABS069	Gurram Deepika	8297137592	A retrospective study on comparison of peroperative outcomes in early versus late fontan completion at tertiary cardiac centre
Free Papers 10th oct 2026			
Free paper - Nightmare session			
Abstract No	Name	Mobile no	Title
ABS350	NEERAJ AWASTHY	9811962775	Ensemble Balloon Rupture (Balloon In Need) and Side-Cell balloon Rescue Strategy (Ballon In deed)
ABS271	Nisanth Selvam	8220336600	A Broken Balloon and a Single-Access Solution: Percutaneous Retrieval During Pulmonary Valvuloplasty in a Cyanotic Infant With Tetralogy of Fallot
ABS247	Pranoti Toshniwal	7709252752	Stent Migration During Transcatheter Pulmonary Valve Implantation
ABS221	Aishwarya Gurav	9284203639	Management of Massive Pulmonary Air Embolism during ASD device closure
ABS152	Swetha Karun Thappa	9400565503	From Closure to Chaos: Lessons from ADO-I PDA Device Embolizations – A Three-Case Series
ABS127	SHASHIKAPOOR YADAV	8976156190	Veno-venous loop-assisted percutaneous retrieval of a displaced stent during left pulmonary artery stenting in post-surgical Tetralogy of fallot
ABS114	Rohan Acharya	9439888488	Entrapment of a Ruptured Balloon During Balloon Aortic Valvuloplasty in a Child With Congenital Aortic Stenosis: Successful Percutaneous Retrieval
ABS051	Jayita Nandy Das	9433631222	Anchor,bridge,rescue: A successful bail out of covered stent migration during a sinus venosus ASD closure.
Free Papers 11th oct 2026			
Free paper - Cath lab cafe 2			
Abstract No	Name	Mobile no	Title
ABS354	NEERAJ AWASTHY	9811962775	percutaneous management of interrupted arch in a newborn : Our Hormuz
ABS329	Alka Madhavankutty N	9496295836	TPVI with Coronary Cameral Fistula Closure
ABS317	Swaminathan K	9940544084	Recanalizing the Uncrossable: A Stepwise Transcatheter Strategy to Restore Aortic Continuity in Functional Aortic Atresia
ABS303	Veena Bharathi Kota	8602624825	Pulmonary Valve PETROS (Percutaneous Transcatheter Release Of Stuck mechanical heart valve leaflets) Procedure
ABS274	bhimana vaishnavi	8499993963	Balloon Angioplasty for Coarctation of the Aorta in Infants: Short-term Outcomes and Predictors of Re-coarctation in a Single-Centre Cohort
ABS264	NIMISHA M H	8448720207	"Clinical and echocardiographic outcomes of PDA device closure in patients less than 2 years of age"
ABS188	Shaheer Ahmed A	9968889874	A Hidden Fistula Behind Persistent Fever
ABS173	Nabeel Valappil Faisal	8089680392	Pushing the boundaries: Staged transcatheter palliation in a child with Hypoplastic Left Heart syndrome
Free paper - General café 2			
Abstract No	Name	Mobile no	Title
ABS373	Kevin Shah	9408944968	Respiratory Morbidity In Children With Congenital Heart Disease Following Rsv Infection
ABS309	Ritabrata Roy Chowdhury	9432750531	Correlation Between Hepatic Stiffness And Exercise Capacity In Patients With Fontan Circulation : A Single Centre Cross Sectional Study
ABS220	Nitish Kumar	9968234250	Early Clinical Indicators Outperform Laboratory Biomarkers For Detection Of Sepsis Following Pediatric Cardiac Surgery With Prolonged Cardiopulmonary Bypass: A Prospective Observational Study
ABS209	Renaissa Banik	9382222804	Safety And Efficacy Of Direct Oral Anticoagulants In Patients With Kawasaki Disease Associated Giant Coronary Aneurysms: A Prospective Pediatric Study
ABS176	Ananya Shetty	9008052975	Comparative Outcomes Of Staged Repair Following Right Ventricular Outflow Tract Stenting Versus Primary Repair For Tetralogy Of Fallot: A Single Centre Study
ABS159	Roshni Mondal	9903317203	A Prospective Observational Study On Utility Of Pulmonary Vasodilators In Modifying Functional Capacity Of Young Children And Adolescents In Post Fontan Surgery
ABS148	Pasumarthy Sai Sri Harsha	9704078868	Global Myocardial Work Combined With Treadmill Exercise Stress Test To Detect Residual Cardiovascular Sequelae In Children Who Had Recovered From Post-Covid Multi Inflammatory Syndrome
ABS006	Namganglung Golmei	9862484959	A Study Of Troponin I And Ck-Mb Levels In Neonates With Hypoxic-Ischemic Encephalopathy In A Tertiary Care Centre
Free paper - Prenatal imaging			

Abstract No	Name	Mobile no	Title
ABS383	Aishwarya Gurav	9284203639	Fetal Presentations In Sjogren's Syndrome
ABS382	Bhargavi Dhulipudi	9949878558	Prenatal Diagnosis And Clinical Outcome Of Coronary Arteriovenous Fistula: A Five Case Series
ABS344	Iyer Jahnvi Natarajan	9429003723	Antenatal Diagnosis Of Isolated Fetal Atrial And Ventricular Premature Complexes In Congenital Long Qt Syndrome Associated With Maternal Autoimmune Disease And Congenital Hypothyroidism: A Case Report
ABS255	Swaminathan K	9940544084	From Fetal Bradycardia To Recurrent Tachycardia: Blocked Atrial Bigeminy Masquerading As Congenital Heart Block
ABS244	Jasleen Kaur	9871930107	From Diagnosis To Outcome: Absent Ductus Venosus And Its Genetic Landscape In Fetal And Postnatal Life
ABS163	Vivek Kumar	9742622291	Evaluating The Referral Patterns, Diagnostic Yield And Clinical Predictors Of Fetal Echocardiography: Retrospective Analysis At A Quaternary Care Armed Forces Hospital In India
ABS144	Amit Kumar Pandey	8879269896	Prenatal Diagnosis Of Pulmonary Arteriovenous Malformation Using 3d/4d Stic Echocardiography And Virtual Reality–Based Virtual Autopsy
ABS064	Pranoti Toshniwal	7709252752	Neonatal Cardiovascular Presentations Following Antenatal Paracetamol Exposure: A Case Series
Free paper - Spectrum of Paediatric cardiology			
Abstract No	Name	Mobile no	Title
ABS367	Rajashekhar Rao Muthineni	9212435564	Long-Term Follow-Up Study Of Biochemical Parameters And Liver Stiffness In Post-Fontan Patients: A Five-Year Review
ABS355	Neeraj Awasthy	9811962775	Newborn Coaraction : DO we know the traget subset
ABS315	Iyer Jahnvi Natarajan	9429003723	Genetic Spectrum of Paediatric Cardiomyopathy: A Single-Centre Experience and Genotype-Phenotype Correlation.
ABS293	Samiparna Chakraborty	9748513333	Efficacy and Long-Term Outcomes of Intrapericardial Streptokinase in Children with Fibrinous Pericardial Effusion: A Single-Centre Observational Study
ABS289	Vinoth Kumar Sundarajan	9840458397	"The Unyielding Lung: An Innovative Rescue Strategy for Refractory Lung Collapse in Complex Congenital Cardiac and Bronchial Anomaly".
ABS230	Jahnvi Narayanan	8939275173	The Road to Recovery: Left Ventricular Functional Recovery and Mid-Term Outcomes after Surgical Repair of ALCAPA- Eleven-Year Single-Centre Experience
ABS201	Sramana Das	7044094576	Early Percutaneous Revascularisation for Critical Vascular Lesions in Paediatric Takayasu Arteritis: Initial Experience from a Single Centre
ABS078	Anindya A	9731035560	First Beat, Better Outcome: Dobutamine versus Milrinone After Pediatric VSD Repair
Free paper - Spectrum of Paediatric cardiology -2			
Abstract No	Name	Mobile no	Title
ABS374	Neeraj Awasthy	9811962775	Novel catheter based sinus venosus ASD device closure : initial experience
ABS225	Jayita Nandy Das	9433631222	Transcatheter Closure of Sinus Venosus ASD Using Covered Stent: A Two-Year Single-Centre Experience with Procedural Challenges and Mid-Term Outcomes
ABS222	Deepak George	8590093942	Coagulation abnormalities in cyanotic congenital heart diseases undergoing staged palliative surgery – a single center observational study
ABS215	Debanjana Dasgupta	8017220484	Transcatheter Closure of Large Ventricular Septal Defects in Symptomatic Infants with Severe Pulmonary Arterial Hypertension: A Single-Center Experience
ABS167	Taniya Rachel Isaacs	9646500128	Natural history of Isolated Membranous and Subpulmonic Ventricular Septal Defects beyond Infancy
ABS161	Nisanth Selvam	8220336600	Transforming Radiation Safety in Paediatric Cardiac Catheterisation: A PDSA-Based Quality Improvement Initiative
ABS104	Anwesha Mukherjee	9932128633	Right Ventricular Outflow Tract Stenting in Malposed Great Vessels: A Bridge to Definitive Repair in High-Risk Infants
ABS097	Debanjana Dasgupta	8017220484	Early Detection of Anthracycline Associated Cardiotoxicity in Pediatric Hemato-Oncological Malignancies in a Tertiary Care Center
Surgical series			
Abstract No	Name	Mobile no	Title
ABS180	Sandhya Pyla	7047515049	Ten-Year Outcomes of Total Anomalous Pulmonary Venous Connection Repair at a Tertiary Pediatric Cardiac Centre: A Single-Centre Retrospective Study (2016–2026)
ABS316	Shruti Jobalia	9967201544	Neo-Pulmonary Valve Reconstruction Using Autologous Right Atrial Appendage In Tetralogy Of Fallot Repair: Early Clinical And Hemodynamic Outcomes
ABS311	Manisha Chakrabarti	9818982826	Feasability Of Total Repair Of Tetralogy Of Fallot Without Transannular Patch With Hypoplastic Pulmonary Annulus
ABS282	Anand K Mishra	94175 67346	Aortic Valve Replacement Versus Ozaki Neocuspidization In Patients Younger Than 18 Years: A Single-Centre Comparison Of Mortality, Functional Status And Reintervention

ABS242	Tanulina Sarkar	9875483646	Institutional Surgical Outcomes In Patients Undergoing Repair Of Anomalous Left Coronary Artery From The Pulmonary Artery (Alcapa)
ABS240	B Munisampath	9494741533	Mortality And Morbidity Following Modified Blalock Taussig Shunt ; A Decade Of Experience From A Tertiary Pediatric Cardiac Center
ABS081	Kalyani Patibandla	8309650733	A Decade Of Arterial Swith Operation: Surgical Trends And Early Outcomes From A Single Center Retrospective Study
ABS007	Anish Gupta	9911382836	Minimally Invasive Patent Ductus Arteriosus Ligation In Neonates, Infants, And Young Children: Early Experience With Anterior Mini-Thoracotomy And Trans-Axillary Approaches
